

# Transform your business.

For what comes next. KPMG Powered Enterprise.

KPMG Powered Enterprise leverages decades of business and technology experience to help you transform your back office faster and achieve a greater step change in value.

Whether you're feeling the burden of legacy technology, managing an evolving workforce, or complying with changing regulatory requirements, agility and speed are critical.

Today's leading organisations know that transforming the efficiency of back-office functions, such as finance and HR, can contribute to stronger business outcomes—and using the cloud has many benefits. But getting the whole organisation on board can be difficult and time-consuming.

**KPMG Powered Enterprise** gives you the solution to help you get there more quickly and efficiently. It's a pre-defined set of business functions that enables organisations to improve back-office performance and efficiency.

Our Finance, Procurement and HR operating models, implementation tools and configured cloud technologies are pre-defined based on the 80/20 rule to give you a rapid start. The KPMG team works with you to tailor the pre-defined solution to fit your unique business.

## What's in the box?

- Business process models
- Organisational design and roles
- Controls and KPIs
- Data model and reports
- Test scenarios and scripts
- Preconfigured cloud applications
