

Indirect Tax Update

NBGT/MoF started to contact businesses for acquiring information with regards to VAT implementation in Bahrain

25 October 2018

Dear valued clients,

The National Bureau of Gulf Taxation (NBGT) / Ministry of Finance (MoF) in the Kingdom of Bahrain began contacting businesses to enquire about the details of their Point of Contact (PoC) and their readiness status in relation to the introduction of the Value-Added Tax (VAT). The NBGT will send a Questionnaire to the businesses which has to be completed and sent back to the Bureau promptly. It is anticipated that the NBGT will automatically register businesses for VAT purposes and start issuing the Tax Identification Numbers (TINs) in the coming weeks.

Based on this announcement, our team of tax experts are ready to assist you to gear up for the introduction of VAT in Bahrain.
