## Bahrain

### **Economic Substance (ES) return for FY 2021 to be submitted by 11 November 2022**

In a letter addressed to all entities regulated by the Ministry of Industry and Commerce (MOIC), the MOIC has announced that entities conducting one or more relevant activities for ES purposes will be required to file their ES return for FY 2021 by 11 November 2022. With less than a month available for the filing, businesses in Bahrain should review the activities undertaken by them (both in form and substance) to confirm if they are carrying out any relevant activity(ies) under the Bahrain ES rules and assess whether they will need to file an ES return.

The MOIC has clarified that entities that have already filed their FY21 ES return and have either received an ES related violation or request for further information through the ITIES portal will be required to resubmit their ES return for FY21 by 11 November 2022.
