This seminar is designed for participants who wish to be up to date and fully aware of the tax changes and developments, which occurred over the past or present year. Tax Circulars as well as expected changes will be demonstrated, amongst others, through practical examples by a Board Member and a Director of the Direct Tax department of KPMG in Cyprus, who will also share their experiences in dealing with important tax issues. At the end of the seminar, participants will be informed of the recent or upcoming tax changes for compliance purposes and for the preparation of their company's tax return, in accordance with Tax Laws and relevant Tax Circulars. Bearing the above in mind, we are dedicated to keeping all participants abreast with all the latest tax updates and make sure that everyone is well-informed and prepared to face the new challenges that may occur throughout 2020.
