

Brexit – call to action

Article 50 was triggered in March, and companies are now facing up to the reality that Brexit will happen in less than 2 years. Businesses are starting to move from impact assessment to implementation.

Our KPMG UK Brexit experts will join us to discuss and share what they are experiencing on the ground and help you to understand where you need to focus your contingency planning.

Our keynote speakers at the seminar include Jane McCormick, KPMG Global Head of Tax, who will give the global perspective. Jane is well known and sought after all over the world for her significant insights and guidance on the rapidly evolving tax environment. Furthermore, Tim Sarson, Tax Partner at KPMG in UK will join and give the UK perspective. Since Brexit started to become a reality, Tim has been deeply involved with multinational companies being effected by Brexit.

We look forward to welcoming you.
