Global Leaders in Aviation Finance

Ireland has been at the heart of the aircraft leasing industry for over three decades and KPMG has advised on almost every major transaction over that period.

KPMG – what we can do for you

The team at KPMG Ireland have been the leading advisers to the international leasing industry for over 30 years. We are globally recognised as the Aviation Finance and Leasing Centre of Excellence with over 150 senior professionals offering you an incomparable scale and depth of experience.

We provide a range of audit, tax and advisory services and can assist across a range of issues. No matter what stage your company is at, we have the expertise to help you.

KPMG Ireland is the leading and largest transaction advisory firm in the global aviation finance market

- ▶ We are the only professional services firm identified in the “AirFinance Power 30” list of companies that make an essential contribution to aviation finance. To qualify, all companies had to meet one test: if they went out of business would the market feel a significant loss?
- ▶ We have the biggest concentration of aircraft leasing clients of any firm in the world, including the major deal-makers and deal-doers in the global aviation finance market
- ▶ We have advised on transactions in over 150 countries.

KPMG Aviation Leasing Forums

KPMG is a leading voice for the aircraft leasing industry. We host a number of international forums each year to address issues that impact directly on the sector. Held under Chatham House rules, the roundtable sessions allow industry professionals to share perspectives and concerns on developments which are then represented by KPMG to relevant organisations and Government bodies.

The sessions are open to senior tax directors, CFOs and CEOs of leasing companies.

To join the forum, please register via our website – www.kpmg.ie/leasing-forum

“When you are advising practically every lessor in Ireland, you are a key player”

AirFinance Journal – Power 30

KPMG is proud to be a founding sponsor of the UCD Masters in Aviation Finance
