Dear Sir / Madam,

We present to you the fifth edition of our Software Licensing Bulletin, which highlights details on Microsoft® SharePoint® 2016 Licensing.

SharePoint - Your mobile, intelligent intranet - Share and manage content, knowledge, and applications to empower teamwork, quickly find information, and seamlessly collaborate across the organization.

SharePoint supports intranet, extranet, and internet applications from a single, integrated platform. The specific licenses you need depend on three factors: what capabilities are used, how SharePoint is deployed, and where the system is hosted.

- SharePoint Online is licensed on a per-user basis. You can purchase SharePoint Online as a standalone plan or included as part of Office 365 plans.
- For on-premises - Intranet sites are licensed using a Server/CAL (Client Access License) model. SharePoint Server 2016 is required for each running instance of the software, and CALs are required for each person or device accessing a SharePoint Server.
- SharePoint Standard CAL: The Standard CAL delivers the core capabilities of SharePoint-Sites: a single infrastructure for all your business websites.
- Communities: An integrated collaboration platform
- Content: Enterprise Content Management (ECM) for the masses
- Search: People and expertise search, video search, item recommendations
- Business solutions (includes Access Services and InfoPath Services)
- Business intelligence for everyone (includes Power View, PerformancePoint Services, Excel Services, and Visio Services)

Note:
1. SharePoint Enterprise CAL is additive: To access the Enterprise edition features of SharePoint, a parent/device must have both the SharePoint Standard CAL and the SharePoint Enterprise CAL.
2. In SharePoint 2016, for extranet and Internet sites scenarios, no CALs are required for external users.

We hope the bulletin was informative. We would be happy to arrange for any additional information that you may require on the subject. Please write to us at infmkpmgccsbulletin@kpmg.com, for any queries or feedback.

Regards,

KPMG in India
