

Administrative account service fees

Effective June 15, 2011

We ask that you take a moment to review the service fees¹ contained in this schedule. No changes to our fees have occurred and, as always, any service fee that you incur will be clearly indicated on your monthly statement, trade confirmation or notice.

ADMINISTRATIVE ACCOUNT SERVICES FEES

NOTIFICATION OF OUR FOREIGN EXCHANGE CONVERSION

For non-Managed Accounts, we perform foreign currency transactions based on a direct or indirect request by you. An indirect request is where you have requested a trade in securities denominated in a currency other than the currency of your account or have received certain corporate entitlements (including dividends, interest, etc.) from an issuer of securities denominated in a currency other than the currency in your account ("Foreign Trade"). For discretionary or Managed Accounts, foreign currency transactions are performed on your behalf when we make a Foreign Trade. The foreign currency conversion rate that appears on your trade confirmation and/or account statement includes our spread-based revenue ("spread") for performing this function, in addition to any commissions or fees related to the Foreign Trade or your account. Spread is the difference between the rate we obtain and the rate you receive. The foreign currency conversion rate and our spread will depend on market fluctuations as well as the amount, date and type of foreign currency transaction. Foreign currency conversions take place at such rates as are available to our retail customers for currency conversions of a similar amount, date and type. In performing foreign currency transactions, we may act as agent or principal. We may, at our discretion, reject a foreign currency transaction request. We convert foreign currencies on the day we carry out your Foreign Trade. We may use a different day for: (a) mutual fund transactions; (b) transactions that you and we agree on; and (c) other transactions we deem necessary.
