

KPMG Ideation Challenge

Code. Create. Captivate.

Dear Student

Our National KIC round is fast approaching and KPMG is on the lookout for students that are visionary, techy and creative!

What is KIC?

A student challenge like no other. The KPMG Ideation Challenge (KIC) is an experience designed to stretch your limits and challenge what you think is possible. For KIC, we create teams made up of different types of people from Universities across South Africa. We look for visionaries: people who think strategically about the big picture and who know how to deliver rock solid business models, marketing and content strategy.

We look for techies, people who have skills in prototyping, testing and development. We look for creative people, who can take an idea and make it work beautifully. If that sounds like you, or if it doesn't but you think you've got something special to offer, then we want to hear from you!

The team to win the KIC national round will have the opportunity to go to Seoul, South Korea on an all-expense paid trip so that they can compete with teams from around the world and showcase their ideas and talent.

Criteria for KIC :

- Currently studying at a University in South Africa and enrolled as an undergraduate
- Field of study includes: Accounting, Science, Technology, Engineering and Mathematics
- South African Citizen

Further details:

- National Round: 03 – 05 December 2019
- Location: KPMG Parktown Office, Johannesburg
